

To all Midland County Sports Organizations: Introducing www.register4midlandsports.com

The Midland Amateur Sports Capital Committee recently developed a user-friendly website to help those seeking to find and sign-up for organized sports in Midland County.

The purpose of this new website is to assist your organization in your
SPORTS RELATED REGISTRATION NEEDS.

View the TEST PAGE of this website at <http://www.register4midlandsports.com>
or view the attachment to see the efficiently simple layout.

HOW IT WORKS:

1. This site is a **FREE SERVICE** to your organization from the MASCC.
2. Please look at the sample attachment or the website. The site includes many different sports images and titles, these are links to most Midland County sports organizations' registration pages:
 - for a sport with only one known club (Speedskating) the link goes directly to that club's website.
 - for a sport with multiple clubs (Baseball Groups) the link goes to a secondary page which lists the name of the club, and shows which club offers programs for Adult and/or Youth, Male and/or Female. The user clicks on that group's name or logo to link to their registration page.
 - No club website, no problem! The link can open a new email page where the user contacts you for information. (Fencing)
3. Each page shows a Google Calendar which can highlight all participating groups' event and registration information per your insertion:
 - The MASCC is offering to train a person from your group (10-15 minute training session) on how to upload important event or registration information onto the Google Calendar.
 - If you know how to use Google Calendar and need the username/password, contact Adam Muszynski below.
